A letter dated 10th March was received from Sinclair Dalby Limited, Chartered Surveyors, which asked for the Council's thoughts on the above.

Councillors asked that their objection be put forward together with the following:

The mast would be located within the Conservation Area

Due to the height of the mast this would obscure the view of St Michaels Church from the North approach to the village.

Councillors asked if the mast could be moved closer to the Viaduct so it would not be so obvious from the roadside.

They also had concerns with regard to the health implications of the mast.
