

Horsefair Play Area Refurbishment

12th August 2022

We are pleased to confirm, following unexpected delays, we had a pre-installation site meeting this morning with Kompan and their Installation Team.

The confirmed start date to upgrade the Horsefair Play Area is Tuesday 30th August and the installation will take 4 weeks.

Notices will be placed on the Horsefair Railings early next week showing site plan and the new equipment to be installed.

Once installation has been complete and the post inspection has taken place there will be an Official Opening mid-October, we will keep you updated of dates during the upgrade. If you have any questions, we have placed contact details at the end of this Notice.

We thank you all for being so patient and hope you are as excited as we are to see the upgraded Horsefair Play Area our children deserve.
